- **Dr.-Ing. Frank Steinert**, Group Manager Vehicle and Propulsion Systems, Fraunhofer-Institut für Verkehrs- und Infrastruktursysteme IVI

Moderator:

- **Peter Rambold**, Senior Director, Bayerische Landesbank

10.15

Close of Meeting, Post Event Networking

**ELECTRIC  
VEHICLE  
PARKING**

# SPEAKER PROFILES

## AURELIA MARTI

ASSOCIATE, ENERGY STORAGE, SUSI PARTNERS AG

Part of the SUSI Partners team since 1.5 years, Aurelia's key focus is financing solutions for energy storage and e-mobility projects, including EV charging infrastructure. Prior to joining SUSI, Aurelia was part of the M&A Advisory Team of Deutsche Bank, for which she spent four years working in France and

in India. Closing multiple buy-side, sell-side, debt and equity financings, she gained vast experience in Renewable Energy financing with a focus on Emerging Markets. Prior to this, she completed internships in various blue chip companies such as Roland Berger or Sumitomo Mitsui Banking Corporation, where she was part of the Project Finance team. A French citizen, Aurelia holds a Master in Management from HEC Paris.

## DR. CHRISTIAN BAUER

OF COUNSEL, NORTON ROSE FULBRIGHT LLP

Dr. Christian Bauer is of Counsel in the Munich office of global law firm Norton Rose Fulbright LLP. He specialized in advising on structuring, financing and implementation of complex energy and infrastructure projects. Dr. Christian Bauer has more than 12

years of experience in advising national and international developers and investors of large scale energy projects, including energy storage. As member of several working groups at the German Energy Storage Association BVES he is dealing with the actual and upcoming regulatory framework for e-mobility infrastructure and its implications on project financing.

## BERND EDELMANN

CFO, IONITY

Bernd Edelmann is CFO at IONITY, a joint venture of BMW Group, Daimler AG, Ford Motor Company, and Volkswagen Group with Audi and Porsche. IONITY's task is simple: Build a high-power charging network for electric vehicles along major highways in Europe.

As high-power charging involves asset-heavy infrastructure, finance and procurement is central to making long distance EV travel across Europe a reality. As such, Bernd is happy to discuss e-mobility, charging infrastructure and storage from a charge point operator's point of view as long distance capability and charging times are the potential pain points for a new generation of EV drivers.

## PETER RAMBOLD

SENIOR DIRECTOR, BAYERNLB

Peter is a Senior Director in the Project Finance Department at BayernLB in Munich. He joined BayernLB in 2012 and is responsible for acquiring, structuring, and closing energy and infrastructure projects in Europe with a focus on renewable energies (PV, onshore and offshore wind, hydro).

Before joining BayernLB, Peter worked for international banks and a leading international advisory firm in Munich, New York, Singapore, London and Frankfurt in the field of infrastructure and energy project finance. He has more than 20 years experience in project finance.

Peter holds a Master Degree in Business Administration from Passau University.

## DR.-ING. FRANK STEINERT

GROUP MANAGER VEHICLE AND PROPULSION SYSTEMS, FRAUNHOFER-INSTITUT FÜR VERKEHRS- UND INFRASTRUKTURSYSTEME IVI

Frank is the Managing owner of ECUtronic GmbH, Dresden since June 2018.

He is also Group manager of the Group Vehicle and Propulsion Technologies at the Fraunhofer Institute for Transportation and Infrastructure Systems IVI in

Dresden Department: Vehicle and Transport System Engineering which he joined in June 2013. At the Institute he has responsibility for Group management, administration and execution of projects within the fields of electrification and hybridization of commercial vehicles, business development.

He is also the Managing owner of the Airclip Service GmbH & Co. KG, Dresden and Airclip GmbH, Dresden.

From 2008-2013 Frank was a Research fellow and project manager at the Fraunhofer Institute for Transportation and Infrastructure Systems IVI in Dresden

## GEORG DISTLER

HEAD OF INFRASTRUCTURE DEBT, VERSICHERUNGSKAMMER BAYERN

Georg Distler is head of Infrastructure Debt at Versicherungskammer Bayern.

In 2019 he was appointed Managing Director TECTA Invest GmbH, Asset Management Unit (Versicherungskammer Bayern, Munich). From 2016-2018 Georg was Head of Infrastructure

Investments at Versicherungskammer Bayern, from 2009-2015 Head of Fixed Income Investments including Infrastructure at Versicherungskammer Bayern and from 2004 - 2008 Head of Equity Investments.
